The Storm-Eye Headlights

Rugged Alloy Precision

New Rugged Aesthetic

The Jetour T1 redefines urban off-road style with its bold boxy silhouette fused seamlessly with modern SUV lines — a design strong enough to win global acclaim, including the Red Dot Design Award.

15.6" Touch Screen Infotainment System

10.25" Digital Instrument Panel

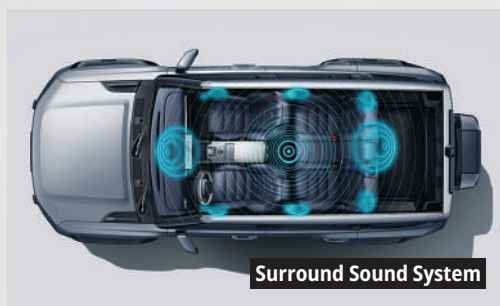

Panoramic Sunroof

Spacious Passenger Area

Powered by the Snapdragon 8155 smart chip, the T1 features TOUR OS 2.0, a 15.6-inch touch-screen, and a 10.25-inch digital instrument panel — delivering seamless connectivity, intuitive control, and an advanced tech experience.

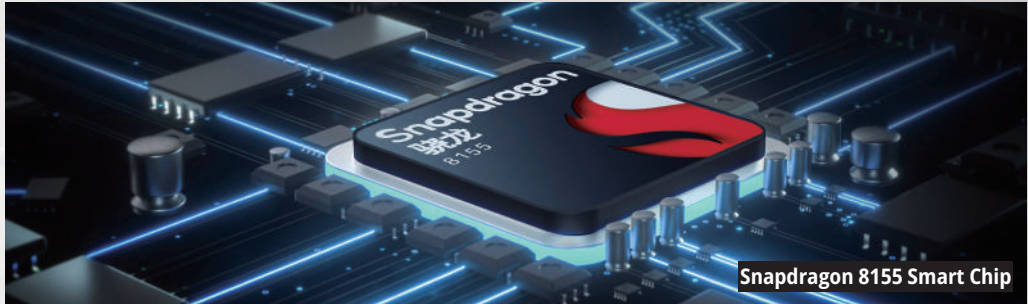

Luxury in Every Detail

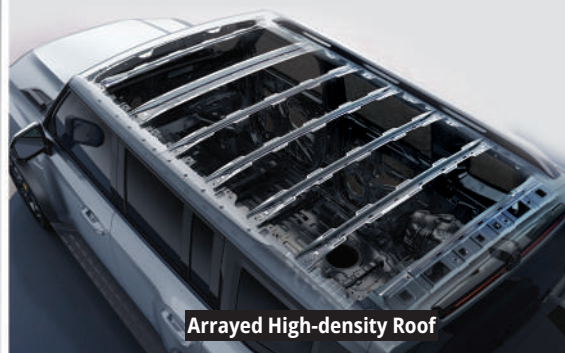

From the stitching to the surfaces and finishes, every element is perfected to provide a superior driving experience and a sense of premium quality throughout the cabin.

Smart Technology, Smarter Journeys

Designed around people, the T2's intelligent technology empowers every journey. Ultra-high-tech features make every trip smoother, more connected, and full of excitement.

Intelligent Driving Assistance

Safety, First and Always

Comprehensive protection designed to keep every passenger safe and secure at all times, giving you peace of mind on every journey.

Limitless Adventure Capability

With seven drive modes and impressive off-road specs — including 28° approach and 29° departure angles, 200mm ground clearance, and 600mm wading depth — the T1 is built to conquer diverse terrains with ease.

XWD Intelligent Four-Wheel Drive

The sixth-generation BorgWarner torque management system ensures peace of mind while driving. It automatically switches between four-wheel drive modes and intelligently distributes power for optimal traction. Additionally, the rear wheel torque is automatically allocated, allowing for seamless recovery without the need to stop and switch modes.

These modes are designed to accommodate a wide range of terrains, allowing for effortless switching to effectively tackle diverse driving conditions.
