Rugged Style Body Design

Bold, Rugged Design

T2 stands out with hardcore styling, classic design, and a dynamic grille. Its VHDL (Vertical and Horizontal Design Language) gives the SUV a commanding presence on every road.

15.6" Touch Screen Infotainment System

Ergonomic Door Handle

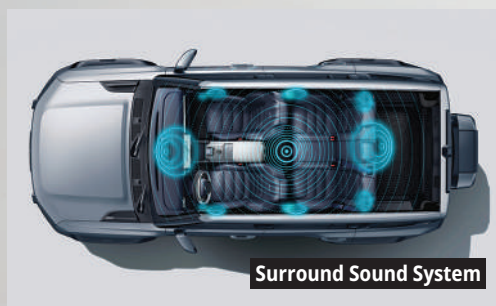

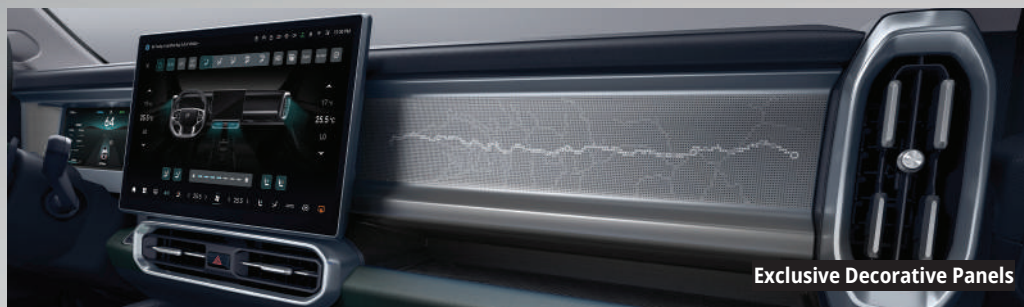

Panoramic Sunroof

Multi-Functional Steering Wheel

Refined Inside, Rugged at Heart

The interior perfectly balances ruggedness with sophistication. Carefully selected materials and refined craftsmanship ensure every detail meets the highest standards.

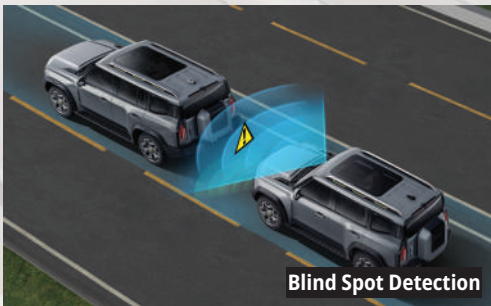

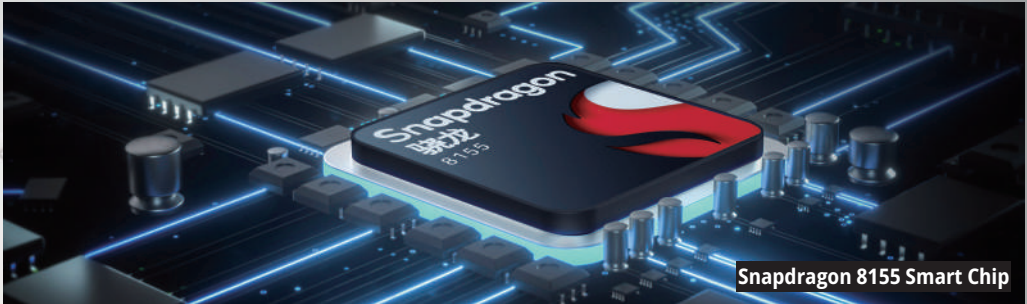

Luxury in Every Detail

From the stitching to the surfaces and finishes, every element is perfected to provide a superior driving experience and a sense of premium quality throughout the cabin.

Smart Technology, Smarter Journeys

Designed around people, the T2's intelligent technology empowers every journey. Ultra-high-tech features make every trip smoother, more connected, and full of excitement.

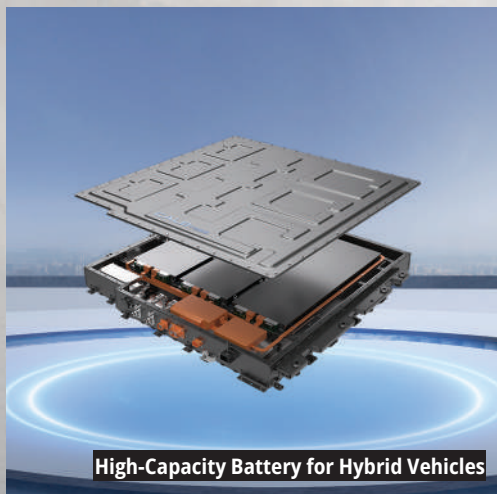

Safety, First and Always

Comprehensive protection designed to keep every passenger safe and secure at all times, giving you peace of mind on every journey.

Engines Built for Every Journey

Choose from advanced petrol engines or the innovative PHEV option. Each delivers the ideal balance of strong performance, fuel efficiency, and driving pleasure, ensuring the T2 is ready for any adventure.

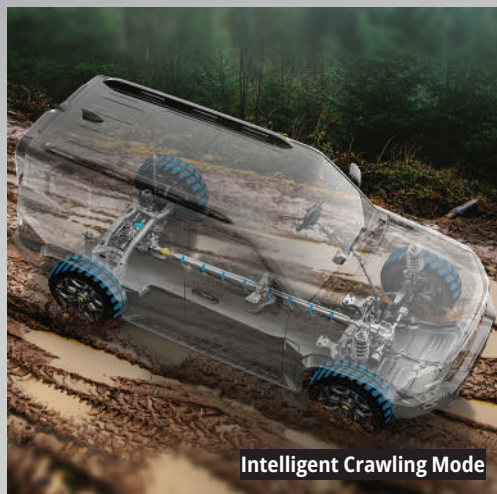

Hybrid Power, Redefined

The T2's i-DM super hybrid combines electric innovation with petrol performance. Using a dual-motor drive and 3-speed DHT transmission, it delivers smooth, powerful acceleration and up to 92 km of pure electric driving range.

Conquer More Terrains, See More Views

With T2 as your partner, every journey becomes an adventure. Explore urban streets or venture into the wild — its four-wheel drive capability empowers you to tackle varied terrains with confidence, reaching new heights and discovering the world's wonders along the way.

Intelligent Crawling Mode

Intelligent 6+X Driving Mode

High Passability Across All Road Conditions

XWD Enhances Off-Roading Fun

Off-roading isn't just for the few — T2 makes it accessible to everyone. Equipped with XWD, it's ideal for off-road beginners and enthusiasts alike. Featuring BorgWarner's sixth-generation intelligent torque management and an intelligent limited slip differential lock, T2 supports switchable four-wheel drive modes, rear-wheel torque distribution, and intelligent power output, among other high-tech features, delivering confidence and control on every terrain.

Intelligent Torque Manager

Capable of actively and timely transmitting torque from the front axle to the rear axle to achieve intelligent four-wheel drive function.

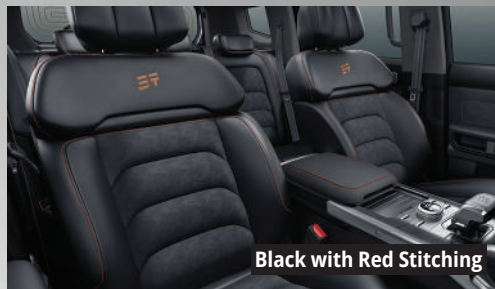

Intelligent Limited Slip Differential Lock

Intelligent and real-time adjustment of torque between the left and right wheels of the rear axle to achieve "ultra strong four-wheel drive" while balancing sports performance.
